

## B. Chamberlain

Contract Administrator can assure the Court that an extensive effort has been made within the State of Arizona to locate successor attorneys to take over this remarkably complex, high profile indigent case in a reasonable, competent and cost conscious manner. No attorney fitting these standards can avow his or her readiness to begin anew this murder trial for many months. Considering the voluminous record, preparation, discovery, sealed records, analysis, investigation and legal issues endemic to this complicated murder case, and Mr. DeMocker's constitutional rights which counsel must fully protect, conditionally assigned counsel have made

1 it clear to Contract Administrator that they will be professionally and ethically unable to accept  
2 this assignment without sufficient time to prepare.

3 Following the court appearance on Friday, November 5, 2010 for this purpose, assigned  
4 counsel shall file a Notice of Appearance within three days, subject to the Court's resolution of  
5 the issues stated herein.

6 RESPECTFULLY SUBMITTED this 4th day of November, 2010.
